# Relocatable Early Childhood Slide and Chimp Bars

A popular piece of equipment due to it's versatility, bright colours  
and its suitability for group co-operative play

Ideal for developing upper body strength

Keeps kids quiet for hours

**Relocatable Slide**  
One metre high, Safe starting entry section with grip rail and platform.

Slide detaches from Chimp Bars with 2 clips attached to slide.

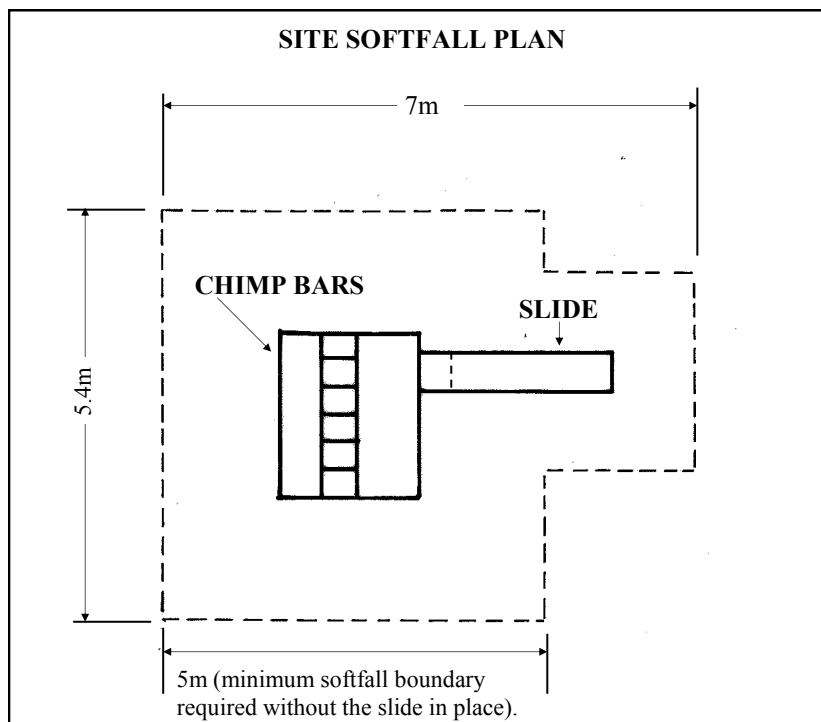

Spin Bar

**CHIMP BARS**

Smooth rounded run off section.

Slide can flex slightly to suit uneven ground.

An assessment by a Professional Independent engineer is available upon request

## PLEASE NOTE :

1. All platform heights are measured from Top of softfall cover.
2. Fall absorbing ground cover is required under and around all play equipment.
3. The minimum recommended fall zone around the entire playground is shown. This zone is to be free of all tripping or collision hazards (i.e. roots, rocks, border material, etc).
4. There is no need for a cross bar at the top of a relocatable slide.

NOT TO SCALE
