## Plaza Indoor Play Area

This play area is custom made to suit the site and consists of different play activities along with the optional Boot Slide. We have a variety of different activities to choose from. Suitable for under 5 year olds.

## Modular Playground

PLAYGEAR™ modular equipment can be custom designed to suit. Our platforms are designed to incorporate a range of activities including our latest Sand Pulley and Sand Hopper along with other exciting activities.

## Custom made Slides

PLAYGEAR™ by A.J Grant can design, manufacture and install a custom made slide to suit a specific site. Fibreglass, Plastic or Stainless Steel options.

## Revolving Tree

The “Revolving Tree” is active playground equipment encouraging kids to play, swing, jump and more. They are space efficient and offer countless possibilities for play.

## Flying Fox

Children have endless amounts of fun, gliding along the high strength cable, while comfortably sitting on a pommel seat. PLAYGEAR™ by A.J Grant can custom make and install this stand alone flying fox anywhere from 20m to 60 metres in length and to suit your requirements and the gradient of the land.

## Swings

Check out our wide range of junior and senior swing options, ranging from single play through to group play with our Frisbee swing.
